Success
Story!

Clare Woods Academy - Cupertino Home

Everyone loves to hear a success story. We have many success stories that make it all worth the consistent and caring effort that we put into each child and young person at Clare Woods Academy. We truly strive to provide a loving and trusting environment in which children and young people can function to their highest potential as human beings. One of these stories is the story of two brothers, Nathan and Ryan Scott. Their mother, Roberta Scott wrote to us about her sons, the Scott boys:

“Since joining the Clare Woods Academy family my two sons Nathan and Ryan have grown emotionally and physically. Nathan entered the school first and at that time it was a struggle to get him to leave the house or talk to people. After being at Clare Woods Academy six years his confidence has been boosted, and he is very social now and willing to help others. He loves to help out and give tours of his classroom to new potential families to the school.

When I think of all the progress my son Ryan has made in the four years since entering Clare Woods, I cry! I am so thankful every single day that none of the staff ever gave up on him. Since he was little the doctors and other schools he had gone to told us not to expect too much from him. He will never be able to do half the things other children do, we were told. Now Ryan is in the classroom full time with other students. He has off campus and on campus jobs. This is not just about him or his family. This is about the staff at Clare Woods Academy that are willing to do everything that they can so that children like mine can be the best they can be.”

Last year you partnered with us to supply equipment and materials to get The Cardinal Gift Shop up and running. Thanks to your gifts our students have a real life opportunity to produce crafts and to sell them in an actual retail store. This year because of your gifts, and the store's success, we are expanding The Cardinal Gift Shop. Once again we are asking you to partner with us to make this a successful venture. Any gift is helpful to us in reaching our goal of \$25,000.00 to buy supplies and equipment to help expand our store. We are excited for the opportunities this will open up for our students and are thrilled to have you join us in this life changing venture.

Sincerely,

John Utterback
Executive Director
